Objective

Self-motivated and passionate tech enthusiast seeking to leverage my skills in graphic design, web development, and programming to contribute innovative solutions and impactful projects. Currently aspiring to become a Python developer while enhancing my expertise in AI, machine learning, and cybersecurity.

Education

- **An-Nour Islamic Shamila** – Graduated
 - **Arabic University, Banjulinding** – Current Student
 - **Interlink Global College Center**
 - Completed certificate and diploma levels in ICT, gaining a strong foundation in technology and problem-solving skills.
 - **Myfarm, The Gambia**
 - Started my tech learning journey here, where I discovered my passion for programming and design. Myfarm provided hands-on training in ICT skills like Microsoft Office, graphic design, and creativity, which laid the foundation for my current pursuits in coding and web development.
-

Skills

- **Programming Languages:** Python (Intermediate Level), HTML, CSS, JavaScript (Basics)
 - **Frameworks & Libraries:** Bootstrap
 - **Graphic Design:** Photoshop, CorelDraw, Canva, Illustrator
 - **Web Development:** WordPress, Responsive Design, UI/UX Principles
 - **Office Tools:** Microsoft Word, Excel, PowerPoint, Access
 - **Others:** Video Editing, Touch Typing (50 WPM)
-

Experience

- **ICT Intern, Myfarm**

- Assisted in the ICT department with tasks related to education, Leap Learn programs, and graphic design.
 - Proposed improvements to processes like sign-in and sign-out systems for staff and students.
 - **Freelance Graphic Designer**
 - Created banners, wedding cards, CVs, certificates, logos, and other design materials for clients.
 - Built a strong portfolio of visually appealing and professional designs.
-

Projects

- **Portfolio Website:**
 - Developed a personal website using HTML, CSS, and Bootstrap to showcase my work and skills.
 - **Python Projects:**
 - Chatbot application, Snake game, and To-do list app.
 - Focused on implementing Object-Oriented Programming (OOP) principles.
-
